

Republic of the Philippines
Province of Oriental Mindoro

MUNICIPALITY OF NAUJAN

OFFICE OF THE MUNICIPAL MAYOR
Naujan 5204, Oriental Mindoro, Philippines

07 January 2016

MR. DAN GOODWIN S. BORJA
Officer-in-Charge
Office of the Regional Director
EMB-Region 4B (MIMAROPA)
6/F DENR Building, 1515 Roxas Boulevard,
Ermita, Manila

Dear **Mr. Borja**,

Greetings!

Sta. Clara International Corporation is presently undertaking its flagship project in Mindoro Island called Lower Catuiran Hydro Electric Power Plant in Barangay Malvar, this municipality. This project aims to generate additional power supply in the provinces of Mindoro.

With the alarming reported cases of alleged mining activities being undertaken by the said firm, it also triggered the notion of our constituents particularly in District 7 that the alleged activities exist when Typhoon Nona devastated the municipality of Naujan and brought massive flash flooding at the said district and adjoining barangays. The said catastrophe brought atrocious damages to properties, agriculture, infrastructures and livelihood of our people.

In the light of this concern, the undersigned most respectfully request your benevolent assistance to conduct ocular inspection, evaluation, recommendation and similar activities of the said project and to come up with a more composite standpoint for the safety and protection of our constituents.

Thank you very much as we anticipate your favourable response to this request.

Very truly yours,

Mark N. Marcos
Atty. MARK N. MARCOS
Municipal Mayor *AM*
